

MSN Program Outcomes

1. Incorporate advanced knowledge and theories from nursing and related disciplines into practice as an advanced practice nurse.
2. Demonstrate clinical expertise in advanced practice in a specialized area of nursing.
3. Evaluate research for the purpose of selectively integrating research findings into nursing practice.
4. Integrate leadership, management, and teaching strategies into advanced nursing practice.
5. Analyze the impact of health policy on health care for identification of areas needing improvement and development of appropriate strategies.
6. Assume responsibility for contributing to the advancement of nursing as a profession. (Revised MSN Curriculum Committee, October 23, 2001; Approved MSN Faculty Organization, November 30, 2001; Reviewed and Revised MSN Faculty Organization, September 2002)
