**NOTE 1:** All courses have a 1-week online orientation followed by 6 weeks of academics & earn 30 contact hours.

**NOTE 2:** There is no requirement to be online on any given day or at any given time – totally asynchronous. All work can be done when it is convenient for you!

**NOTE 3:** Each week you will read an article, view a video, examine a website, or evaluate free software. Learning comes from your interaction with your classmates via the course discussion board and collaborative projects.

**NOTE 4:** Register for these classes on STI-PD using the course numbers. Refer to the E-Learning for educators website at <http://elearning.alsde.edu> for instructions. No STIPD access? Contact eLearning Alabama to register.
